## TREATMENTS

---

**OLAPLEX** - the three step process includes a patented active ingredient that works on a molecular level to seek out broken bonds in the hair that are caused by chemical, thermal, and mechanical damage.

### **NO.1 - Bond Multiplier**

This concentrated first salon step rebuilds broken bonds and begins the process of preventing damage and repairing hair.

### **NO.2 - Bond Perfector**

The second salon step continues to rebuild and restore any remaining broken bonds ensuring the strongest, shiniest, and healthiest hair possible.

### **NO.3 - Hair Perfector**

No.3 is not a conditioner, it's an at-home treatment that reduces breakage and visibly strengthens hair, improving its look and feel.
